

St Peter's Hospital – Connecting Generations

HMECU was proud to support this great event where grade 7 and 8 students from Adelaide Hoodless Public School wrote short essays upon meeting the patients at St Peter's Hospital.

The essays were narrowed down to ten finalists, where they were read by the students in front of the patients, staff and a panel of judges.

HMECU was invited to participate in judging the essays and had the pleasure of presenting the first place winner with a \$500 RESP!
